Brady Exonerated.

In view of the oft-repeated charges be so would require a longer describing than can at present be afforded. What can the reason, the fact cannot be decorated than can be reason, the fact cannot be dehim for the position of Joint Councilman, the Belt on the 20th of September last, felt it due to that gentleman to contradict felt it due to that gentleman to contradict the stories then affoat in regard to his alleged complicity in the defalcation of George H. Stevens, treasurer of the Board of Territorial Prison Commissioners. And now, in confirmation of the truth of what we then said, we give publicity to the letter of Judge R. E. sioners. And now, in confirmation of the truth of what we then said, we give publicity to the letter of Judge R. E. Sloan of the Supreme Court of Arizona. apon the same subject as the editorial referred to, which fully supports what the Belt then said in reference to the matter. The Judge, if aware of the fact, does not state in his letter that Mr. Baady was powerless to protect the Territory by reason of being overruled by the other two commissioners, Stevens and Lyons, or that Mr. Brady for that reason contemplated resigning his position as a mem-ber of the Board, but was persuaded by political friends not to do so, for the reason, that his presence would, perhaps, re-sult in preventing a wholesale waste of rison funds. It was in this dilemma that A reward of \$25 will be given for a the trust confided to the prison commissioners, asked legislative inquiry con-cerning the financial management of the prison, which would have been made had it not been that the action of both branch-

fied by a veto of Governor Zulick. Here is Judge Sloan's letter: Tucson, Oct. 26, 1890. Hon. P. R. Brady, Florence, A. T. Dear Sir: Yours of the 23d inst. at and, I distinctly recall the conversathe attack on the United States mail coach, and others features, are thoroughintroduced by me in the Council for the appointment of a committee to investigate the affairs of the prison at Yuma. In this conversation you requested that I intro-duce such a resolution, and, if my memory serves me rightly, I stated upon the floor of the Council when the resolution, subsequently vetoed, was under consideration. I also recall the fact that about the time you mention (March 12th.) when ful skill, as in their feats of lassoing, picking up objects, etc., is thoroughly delin-eated, and perhaps one of the principal features last night was the double pick ing up act by Charles Meadows and Jack Brown, both on one horse, and both pickin Phenix, you inquired of me if anything had been done in the matter, and that I ing up objects at each side tated to you the condition in which the Hardy resolution then was.
I know of no reason why you should not be privileged to make any proper use of this you may desire.

Very respectfully. R. E. SLOAN.

private, or in Catholic schools? They Nogales Herald. seem to take it for granted that "it is all When the Sonora railroad was completed 175 per cent of the goods sold in Guaymas were brought from Europe, and the other 25 per cent came from the United States. The completion of the know what their children are taught? Do they what their children are doing? The defeated candidate who itched for office has no kick coming. His neighbors coad reversed the figures. The same way now be said of Magatlan and other may now be said of Mazatlan and other important coast towns, but should Super-intendent Richards succeed in securing doing, day by day? Go in at odd times. seion that will permit him to land Drop in the school at recess, at noon, durably get tired after a while of being used e goods at their destination being study hours, if only for five minutes, as padding for the democratic county dutiable goods at their destination before the duties are paid there will be another important reversal of figures. This other important reversal of figures. This and Presidents, is running. See to it, of the democrats in one respect at least they are now enjoying two cold waves a second control of the democrats in one respect at least they are now enjoying two cold waves a second control of the democrats in one respect at least they are now enjoying two cold waves a second control of the democrats in one respect at least their destination. order of things will not only be beneficial to the United States but also to Mexico. That country has products which the That country has products which the That country has products which the United States would buy and an extension of trade between the two countries can not but prove beneficial all around. Such a concession given to our railroad, Bob Connell's hanner, "Mark Smith followed by a carefully prepared reciprocity trenty would work wonders in extending the commercial relations of the two nd Statehood," will now be kept in mind. We know our Territory has more people, wealth, than Nevada. We will go farther

countries. And situated as they are very liberal concessions should be made all From Mammoth.

From Capt. Thorndyke, who came in from Mammoth yesterday, we learn that everything is running smoothly in that camp. The mill is kept steadily running, only six or seven men being employed to break down the ore, which is simply quarried out just like the men were blasting out the side of a hill. None of the machinery for the new 100 stamp mill is on the ground yet but there seems no doubt that its erection will soon be comdoubt that its erection will soon be commenced, and when begun will be pushed to completion as rapidly as possible. There are many claims taken up on this gigantic ledge, which can be plainly traced for many miles, but the owners, as a rule, are broke and development work is extremely slow. Next spring will probably be the commencement of active work on several claims, whose owners will do some responsible rustling this winter.
